

HK3000

Adapt to the load monitoring and anti-backflow requirements of three-phase inverters in Spain, Poland and Australia. For models: grid-connected machines SDT G2 and SMT25K.

Spain: GW4K-DT, GW5K-DT, GW6K-DT, GW8K-DT, GW10KT-DT

Poland: GW4K-DT, GW5K-DT, GW6K-DT, GW8K-DT, GW10KT-DT

Australia: GW5000L-DT, GW10KL-DT, GW15KN-DT, GW5K-DT, GW6000L-DT, GW25K-MT

Model		HK3000
Application		Household Loads Monitoring+ARCB
Voltage	Rated Voltage	3*230V / 400V
	Voltage Range	AC 100V~240V
	Frequency	50Hz / 60Hz
Current Input	Nominal Current	CT in: 120A / 40mA, 200A / 66.7mA
	Current Range	0.48A~120A / 200A
Self-Consumption		< 5W
Communication		100M Ethernet
		WiFi
Interface		3 LEDs (Power, Energy Consumption, Communication), Reset Button
Operating Temperature		-25 ~ +60°C
Storage Temperature		-30 ~ +70°C
Operating Humidity		< 95%; No Condensation
Altitude		< 2000m
